Appendix C – Resolution No.

Public Disclosure Policy

PURPOSE:

Public Records Act: The purpose of the Public Records Act is to provide the public with full access to information concerning the conduct of government, mindful of individuals' privacy rights and the desirability of efficient administration of government. The Public Records Act provides a statutory framework by which to administer access to public records.

City Policy and Procedure: The purpose of establishing the following policy and procedure is to provide a method by which City staff will review and respond to requests for public records within the Public Records Act framework. The information contained in this document is designed to aid both those requesting public records and those responding to records requests. The policy and procedure should assist in guiding expectations of requesters and providing notice of a mechanism by which to appeal a records decision, if necessary.

REFERENCE:

RCW 42.56, Public Records Act
Chapter 44-14 WAC
Public Records Act – Model Rules

POLICY:

The City shall provide for inspection and copying of requested public records as provided in this policy and procedure, unless such records are exempt from disclosure under RCW 42.56 or other law under which disclosure is regulated. City staff shall provide assistance to requesters in obtaining the public records they seek.

RESPONSIBILITY/AUTHORITY

Public Records Officer: The City Clerk/Treasurer is the designated public records officer. The City's public records officer will oversee compliance with the Public Records Act and these procedures. The City's public records officer may delegate the responsibilities of processing requests to other staff. Departments may also designate records coordinators within specific departments to facilitate access to public records within that department, so long as each coordinator is identified to the public records officer.

City Staff: City staff will provide assistance to requesters, reasonably ensure that public records are protected from damage or disorganization, and prevent fulfilling public records requests from causing excessive interference with essential functions of the City of Kettle Falls. Assigned City staff will be responsible and held accountable to meet the City's responsibilities of this policy. Failure to do so will result in disciplinary actions.

Requesters: While requesters are not required to specifically name the Public Records Act, they must give reasonable notice that the request is being made pursuant to the act. Requesters must request identifiable records or classes of records that the City can reasonably locate even though they are not required to specifically state the exact record sought. For example, using inexact phrases such as "relating to" a topic (such as "all records relating to the property tax increase") will need clarification from the requestor to determine what records fairly and directly address the topic.

DEFINITIONS

Active Record: An active record is used in an office on a routine basis and accessed at least several times per year. Active records are usually kept on-site.

Archival (Appraisal Required) Record: Public records with archival (appraisal required) designation are records which may possess enduring legal and/or historic value and must be appraised by Washington State Archives on an individual basis. Records not selected for retention by Washington State Archives may be disposed of after appraisal.

Archival (Permanent Retention) Record: Public records with archival (permanent retention) designation are records which possess enduring legal and/or historic value and must not be destroyed. These records need to either be transferred to Washington State Archives or retained and preserved according to archival best practices until such time as they are transferred to Washington State Archives.

Essential Record: Essential records are those the City must have in order to maintain or resume business continuity following a disaster. While the retention requirements for essential records may range from very short-term to archival, these records are necessary to resume core functions following a disaster. Security backup of these public records should be created and may be deposited with Washington State Archives.

Inactive Record: An inactive record is used or accessed in an office infrequently or no longer used in the conduct of current business, but is still required to be kept by the retention schedule for legal or historical purposes. Inactive records are usually stored off-site.

Public Record: RCW 40.14.010 defines public record as "...The term "public records" shall include any paper, correspondence, completed form, bound record book, photograph, film, sound recording, map drawing, machine-readable material, compact disc meeting current industry ISO specifications, or other document, regardless of physical form or characteristics, and including such copies thereof, that have been made by or received by any agency of the state of Washington in connection with the transaction of public business..."

RCW 42.56.020 defines a public record as "...any writing containing information relating to the conduct of government or the performance of any governmental or

proprietary function prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics...”

If there is a conflict in the two definitions the City, subject to legal review, will apply the broadest definition.

Records Disposition: Actions taken with records when they are no longer required to be retained by the agency. Possible disposition actions include transfer to archives and destruction.

Retention Schedule: A table setting out requirements adopted by the Washington State Local Records Committee which specifies the length of time each record series will be retained by the agency, whether the record is designated essential, archival, or potentially archival, and final disposition of the record.

Writing: RCW 42.56.020 states: “Writing means handwriting, typewriting, printing, photostating, photographing, and every other means of recording any form of communication or representation including, but not limited to, letters, words, pictures, sounds, or symbols, or combination thereof, and all papers, maps, magnetic or paper tapes, photographic films and prints, motion picture, film and video recordings, magnetic or punched cards, discs, drums, diskettes, sound recordings, and other documents including existing data compilations from which information may be obtained or translated.”

GUIDELINES

MUNICIPAL SERVICES AND CENTRAL OFFICE: The City of Kettle Falls is a Washington municipal corporation that provides a full range of traditional municipal services to its citizens through various departments. City Hall, the central office, is located at 580 Meyers Street, Kettle Falls WA 99141, Police Department is located at 415 Larch Street, Kettle Falls, WA 99141 and the Public Works Department is located at 768 Old Kettle Road, Kettle Falls, WA 99141. Any person wishing to request access to public records from a single department may make the request to that individual department’s records coordinator or may make a request to the public records officer. Any person seeking assistance in making a request or making a request which includes more than one department should contact the public records officer:

Public Records Officer
City of Kettle Falls
PO Box 457
Kettle Falls, WA 99141
Phone: 509-738-6821
Fax: 509-738-4577

Requests to the following individual departments should be addressed to the records coordinator at the locations listed below:

Department	Physical Address	Mailing Address	Phone	Fax
Police	415 Larch Street Kettle Falls, WA 99141	P.O. Box 457 Kettle Falls, WA 99141	509-738-6700	509-738-2052
Public Works	768 Old Kettle Road Kettle Falls, WA 99141	P.O. Box 457 Kettle Falls, WA 99141	509-738-6821	509-738-6773

Information is also available at the City of Kettle Falls web site at www.kettle-falls.com.

AVAILABILITY OF PUBLIC RECORDS

Index. The City of Kettle Falls determined by resolution No. _____ signed by the Mayor on _____, 2015, that maintaining an index is unduly burdensome, costly, and would interfere with agency operations due to the number and complexity of records generated as a result of the wide range of City activities and office locations.

City Website. Many records are available on the City's web site at www.kettle-falls.com. Requesters are encouraged to view the documents available on the web site prior to submitting a records request.

Protocol for Inspection/Copying. Public records are generally available for inspection and copying during normal business hours of Monday through Friday, 8 a.m. to 4:30 p.m., excluding legal holidays. Records must be inspected at an office of the City of Kettle Falls. Requesters are prohibited from removing records from City offices.

Maintenance/Order of Records. The City will maintain its records in a reasonably organized manner. The City will take reasonable actions to protect records from damage and disorganization.

MAKING A REQUEST FOR PUBLIC RECORDS: Any person wishing to inspect or copy public records of the City shall submit the request in person, by mail, telephone or fax to the designated records officer or coordinator. It is encouraged that all requests be made using a Public Records Request Form, but is not required. A Public Records Request Form is available at www.kettle-falls.com. If a request is made without using the City's request form, the request must include the following information:

- Name of requester;
- Date of request;
- Phone, email, and/or address or other contact information of requester;
- Identification of the public records adequate for the public records officer or designee to locate the records (title and date, if known);
- Location (department) of the requested records, if known;
- Whether the requester intends to inspect the records or obtain a photocopy of the records, at the cost set forth in Section 6.15 of these guidelines; and
- Method by which the City should contact requester.

If the request is by telephone or the requester is in need of assistance, responding City staff will confirm receipt of the information and the substance of the request.

If the record(s) requested is not easily identified, may be kept by multiple departments, or the requester is unsure of where to file the request, the requester should direct the request to the City Clerk/Treasurer's Office.

Affected staff will be advised by records coordinators to retain possession of records covered by public records requests, including any records that may be scheduled for destruction. City staff may not destroy or otherwise delete covered records until the request is fulfilled.

A requester is not typically required to state the purpose of the request. However, in instances where additional information is required by law or in an effort to clarify or prioritize a request and provide responsive records, the public records officer or designee may inquire about the nature or scope of the request.

PROCESSING PUBLIC RECORDS REQUESTS: The public records officer or designee will process requests in the order allowing the most requests to be processed in the most efficient manner.

Within five business days of receipt of the request (day one is the first working day after the request is received), the public records officer or designee will do one or more of the following:

- Make the records available for inspection or copying; or
- Identify an internet location where the record can be accessed. Requesters who cannot access the internet may be provided hard copies or access to a City terminal to access the record; or
- If copies are requested and payment of a deposit for the copies, if any, is made or terms of payment are agreed upon, send the copies to the requester; or
- Provide a reasonable estimate of when records will be available; or
- If the request is unclear or does not sufficiently identify the requested records, request clarification from the requester. Such clarification may be requested and provided by telephone. The public records officer or designee may revise the estimate of when records will be available; or
- Deny the request.

If the City of Kettle Falls does not respond in writing within five business days of receipt of the request for disclosure, the requester should consider contacting the public records officer to determine the reason for the failure to respond.

In the event that the requested records contain information that may affect rights of others and/or may be exempt from disclosure, the public records officer may, prior to providing the records, give notice to those persons. Such notice should be given to make it possible for those receiving the notice to seek an order from a court to prevent or limit the disclosure. The notice to the affected persons will typically include a copy of the request.

Some records are exempt from disclosure, in whole or in part. If the City of Kettle Falls believes that a record or portion of a record is exempt from disclosure and should be withheld, the public records officer or designee will state the specific exemption and provide a brief explanation of why the record or a portion of the record is being withheld.

INSPECTION OF RECORDS:

- (a) The City of Kettle Falls will provide a space for persons to inspect public records. No member of the public may remove a document from the viewing area or disassemble or alter any document. The requester shall indicate which documents he or she wishes the agency to copy.
- (b) Parties wishing to inspect electronic records may be provided copies of the records on a CD or other storage device, may be directed to an internet address where the records can be accessed, or may receive records by email. If a requester cannot access records in these ways, the City may provide hard copies or allow a requester to view copies on an agency computer.
- (c) The requester must make arrangements to claim or review the assembled records within thirty days of notification that the records are available for inspection or copying.
- (d) If the requester fails to claim or review the records within the thirty-day period or make other arrangements, the City may close the request and re-file the assembled records. In the event the requester submits a new request for the same or almost identical records, the process will begin anew.

PROVIDING COPIES OF RECORDS: After inspection is complete, the public records officer or designee shall make the requested copies or arrange for copying. The requester shall pay any applicable deposit prior to copies being made. Full payment for copies must be received prior to delivery of the requested copies.

PROVIDING RECORDS IN INSTALLMENTS: When the request is for a large number of records or when a portion of responsive records is more readily available than others, the public records officer or designee may provide access for inspection and copying in installments if he or she reasonably determines that it would be practical to provide the records in that way.

If, within thirty days, the requester fails to inspect the available installments, the public records officer may discontinue his/her search for the remaining records and close the request.

COMPLETION OF RESPONSE TO INSPECT RECORDS:

When the search for requested records is complete and all requested records are provided for inspection, the public records officer or designee will indicate that the City has completed a reasonable search for the requested records and made any located, nonexempt records available for inspection.

CLOSING WITHDRAWN OR ABANDONED REQUESTS: When the requester either withdraws the request or fails to fulfill his or her obligation to timely inspect the records or fails to pay the required amount due for requested copies, the public records officer will close the request and indicate to the requester that the City has closed the request.

LATER DISCOVERED DOCUMENTS: If, after the City has informed the requester that it has provided responsive records, the City becomes aware of additional responsive documents existing at the time of the request, it will promptly inform the requester of the additional documents and provide them as soon as possible. However, a public records request is not continuing in nature. If a requester desires additional records created or obtained by the City after the date of the original request, the requester must submit a new request.

COMPLETION OF REQUEST: The City's response to a request shall be deemed completed upon the requester's inspection of the records or upon notification that copies of all the requested records are available for payment and delivery or pick up, or that no responsive records exist.

NO DUTY TO CREATE NEW RECORDS: The City is not obligated to create new records to satisfy a records request; however, the City may, at its discretion, create such new records to fulfill the request where the City deems that method of response more expedient.

PROCESSING OF PUBLIC RECORDS REQUESTS—ELECTRONIC RECORDS: The process for requesting electronic records is the same as for requesting public records in hard copy.

When a requester seeks records in an electronic format, the public records officer will provide the nonexempt records or portions of such records that are reasonably locatable in an electronic format that is used by the agency and is generally commercially available, or in a format that is reasonably translatable from the format in which the agency keeps the record.

The cost of providing electronic records is addressed in WAC 44-14-07003. It provides, in part,

"... As with charges for paper copies, "actual cost" is the primary factor in charging for electronic records. In many cases, the "actual cost" of providing an existing electronic record is de minimis. However, if the agency has a paper-only copy of a record and the requester requests an Adobe Acrobat PDF copy, the agency incurs an actual cost in scanning the record (if the agency has a scanner at its offices).

With the consent of the requester, the City may provide customized access if the record is not reasonably translatable into the format requested. The City may charge a fee consistent with RCW 43.105.280, which states in part, “. . . Fees for staff time to respond to requests and other direct costs may be included in costs of providing customized access...”

Electronic mail (e-mail) is an informational transfer system which uses computers for sending and receiving messages. Email messages are public records when they are prepared, owned, used, or retained by the City and relate to the conduct of government or performance of any governmental or proprietary function.

EXEMPTIONS:

The Public Records Act provides that a number of types of documents are exempt from public inspection and copying. In addition, documents are exempt from disclosure if any "other statute" exempts or prohibits disclosure. Requesters should take note that there are many exemptions contained outside of the Public Records Act that may restrict the availability for inspection or release of some documents. Many such exemptions are listed in Section 7.1 of this policy. This list is for informational purposes only and failure to list an exemption shall not affect the efficacy of any exemption.

The City is prohibited by statute from disclosing lists of individuals for commercial purposes.

COSTS OF PROVIDING COPIES OF PUBLIC RECORDS:

Costs for paper copies: There is no fee for inspecting public records, and a requester may obtain standard black and white photocopies of up to twenty pages at no charge. Fifteen cents (\$.15) per page will be charged if the request exceeds twenty pages. For example, a request for twenty-one pages will cost \$3.15. If, at the City's discretion, materials need to be copied by an outside source either due to volume, current workload of City staff, or any other reason, the requester will be charged the actual amount invoiced to the City by the copying vendor.

Envelopes and/or packaging are charged at the actual costs of those supplies.

Postage is charged at the actual postage costs of such postage.

Costs for electronic copies: The cost of electronic copies shall be the actual cost of materials (such as a CD) and the cost to scan the records if scanning is necessary. There will be no charge for e-mailing electronic records to a requester, except where another cost applies. Ten cents (\$.10) per page will be charged for hard copy records that are scanned into electronic format if the request exceeds twenty pages to cover the cost of producing them in electronic format.

In the event a request is estimated to exceed \$25, the City may require the requester to deposit an amount not to exceed 10% of the estimated cost prior to the duplication of record(s).

Payment may be made by cash, check, or money order payable to the City of Kettle Falls.

REVIEW OF DENIALS OF PUBLIC RECORDS:

Any person who objects to the initial denial or partial denial of a records request may petition in writing to the public records officer for a review of that decision. The petition must include a copy of or shall reasonably identify the written statement by the public records officer or designee denying the request.

The public records officer or designee will immediately consider the petition and either affirm or reverse the denial within two business days following the public records officer's receipt of the petition, or within such time as the City and the requester mutually agree.

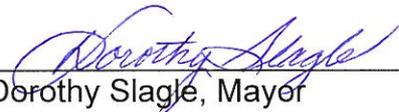

Section 2. SEVERABILITY

If any section, clause, or phrase of this ordinance should be held invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or constitutionality of any other section, sentence, clause or phrase of this ordinance.

Section 3. EFFECTIVE DATE

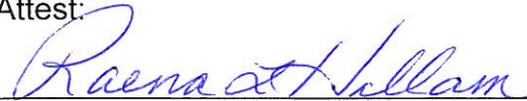

This resolution shall go into effect on the date of adoption. Adopted this 20th _____ day of October, 2015

Approved:

Dorothy Slagle, Mayor

Attest:

Raena L. Hallam, Clerk/Treasurer

Approved as to form:

Charles P. Schuerman, City Attorney
McGRANE + SCHUERMAN, PLLC

The foregoing resolution was presented for adoption by Council Member Bonnie Bradley and seconded by Council Member Debbie Gaskin. Upon a vote, there were 4 ayes, and 0 nays and 0 absent.
